

SPANISH LANGUAGE AND CULTURE COURSES

----- CONDITIONS FOR GROUPS FROM UNIVERSITIES, ACADEMIC CENTRES AND AGENCIES

2024-2026

The Universidad Internacional Menéndez Pelayo (hereinafter, UIMP) organises, curates and runs specific academic programmes in Spain for Spanish as a foreign language courses aimed at teenagers (minimum admission age: 16), university students (accredited curricular stays) and lifelong professional training (international companies and organisations).

UIMP is an Instituto Cervantes Accredited Centre for teaching Spanish as a Foreign Language. This certification means the centre complies with the conditions set by the Instituto Cervantes Centre Accreditation System (SACIC)—the only international certification focused exclusively on teaching Spanish as a foreign language.

In addition, university students and professionals can follow a more comprehensive programme in summer of Spanish language and culture with workshops, lectures, meetings and seminars that cover up-to-date topics with a standout scientific, social and humanities slant as part of the Advanced UIMP Courses at the La Magdalena Palace (Santander).

If you represent an overseas university, institution, company or agency and would like to arrange a training programme with UIMP that adapts to the requirements of your group, we offer different possibilities in Santander and at other UIMP campuses:

1. Incorporating your group onto scheduled courses.
2. Programming one of our designed courses on dates that suit your group.
3. Designing a specific training programme for your university, institution or company that matches your requirements.
4. Specific programs in other UIMP venues (Seville, Valencia, Tenerife...) throughout the year with a minimum of 10 participants.

UIMP issues certificates in ECTS (European Credit Transfer System).
