MASTER'S DEGREE IN ECONOMICS AND FINANCE

UNIVERSIDAD INTERNACIONAL MENÉNDEZ PELAYO

This document can be used as reference documentation of this subject for the application for recognition of credits in other study programmes. For its full effect, it should be stamped by UIMP Student's Office.

GENERAL DATA

Name

Mathematics

Code

102660

Academic year

2024-25

Degree

[MASTER'S DEGREE IN ECONOMICS AND FINANCE](#)

ECTS Credits

4

Type

MANDATORY

Duration

Cuatrimestral

Language

English

CONTENTS

Contents

This course provides a complete and rigorous review of the main mathematical methods used in economics.

More information: cemfi.es

COMPETENCES

General competences

G1 - Demonstrate solid knowledge of economic theory, and the relevant economic, econometric and computational techniques.

G2 - Know how to apply the knowledge acquired and be able to use problem-solving abilities in new or relatively unknown settings within wider or multidisciplinary contexts related to economics and finance.

G3 - Integrate knowledge and tackle the complexity involved with making judgements based on incomplete or limited information, and which includes reflections on the social and ethical responsibilities tied to the application of one's knowledge and judgement.

G4 - Critically analyse, assess and summarise new and complex ideas related to empirical theories and methodologies in the field of economics.

Specific competences

ET1 - Rigorous and full knowledge of the main mathematical methods used in economics.

LEARNING PLAN

Training activities

Type of activity	Hours	%In person
Theory classes	35	100
Practical classes	15	100
Study of the theory content of the course	40	0
Solve practical exercises	10	0

Teaching methods

Theory classes
Exercises

Learning outcomes

Be aware of the main mathematical methods used in economics at graduate level.

EVALUATION

Evaluation system

Type	Minimum score	Maximum score
Exercises	0.05	0.3
Presentations	0.05	0.15
Exams	0.7	0.95

Official examination dates

Academic schedule

FACULTY

Coordinator/s

Amengual Baez, Dante

Doctor en Economía, Princeton University

Profesor de Economía

Centro de Estudios Monetarios y Financieros (CEMFI)

Lecturers

Professor responsible for the subject

SCHEDULE

Schedule

Monday through Friday, (9:30 - 13:00)
